

and projections and spring-loaded clips and clamps and permanent magnets and molded shapes and loops of leather and hooks and pins.

30. (NEW) The method of Claim 27 wherein said cart is selected from the group using frame materials of light-metal alloy tubing and polyethylene and polypropylene and vinyl and nylon and various impregnated and laminated fibrous materials such as graphite fibers.

REMARKS –General

By the above amendment, applicant has amended four claims to correct their identifiers, as required by Examiner's Notice of Non-Compliant Amendment (37 CFR 1.121).

Conclusion

For the above reason, applicant submits that the specification and claims are now in proper form, and that the claims all define patentably over the prior art. Therefore applicant submits that this application is now in condition for allowance, which action he respectfully solicits.

Conditional Request for Constructive Assistance

Applicant has amended the specification and claims of this application so that they are proper, definite, and define novel structure which is also unobvious. If, for any reason, this application is not believed to be in full

condition for allowance, applicant respectfully requests the constructive assistance and suggestions of the Examiner pursuant to M.P.E.P 706.03(d) and 707.07(j) in order that the undersigned can place this application in allowable condition as soon as possible and without the need for further proceedings.

Very respectfully,

Gordon W. Nugent
